

Easy Pro

Easy Pro EP 1207

Design: Rim Design Team
Manufacturer: Rim CZ a.s.

Swivel office chair with a separated mesh-coated backrest and upholstered seat construction.

Mechanism	ST5 – Synchronous mechanism The seat and the backrest follow the movements of the seated person synchronously and in the correct angle. Five locking position available. Smooth backrest counter pressure adjustment on the scale of approx. 45–120 kg of body weight.
Seat	Seat is filled with PUR foam (thickness 5 cm, bulk density 70 kg/m ³) and coated with fabric or leather. The front edge of the seat is sufficiently rounded to prevent from an undesired pressure on the bottom part of the legs of the seated person. Ergonomic shape provides correct and comfortable sitting posture. Plastic parts are made of polyamide. Height adjustment on the scale of 435–555 mm.
Backrest	A mesh-coated plastic frame providing a sufficient air circulation. Firm mesh, together with a sufficiently wide frame and a height-adjustable lumbar support provide comfortable support of the back of the seated person without deformation of the mesh or undesired pressure from the frame. Plastic parts are made of polyamide.
Upholstery	• Seat – as per customer's choice from the current range of fabrics and leathers available for the selected product. • Backrest – mesh – as per customer's choice from the current range available for the selected product.
Base	Five-star stable base ø 700 mm, black, polyamide.
Castors	Black hard castors ø 60 mm, braked – depending on the load, for soft floor surface (as per DIN EN 12529). The chair does not move when released which reduces the risk of accident.
Plastic components	Coloured, black. It provides colour stability even with deep scratches.
Armrests	• 080 – all-plastic T-shaped armrests made of polyamide, height-adjustable within the range of 6 cm. The top of the armrest is made of a softened PU. Depth-adjustable within the range of 5 cm. • 087 – multifunctional all-plastic T-shaped armrests made of polyamide, height-adjustable within the range of 8 cm. The top of the armrest is made of a softened PU. Width-adjustable within the range of 3 cm, back and forth adjustment within the range of 5 cm, control button is located on the side of the armrest top.
Optional	• Height-adjustable lumbar support – 100 mm • Base ø 700 mm – polished Alu • Castors – soft, braked • Gas unit with suspension • Higher gas unit with suspension • Gas unit for seat height 465-585 mm
Certificate	All materials can be easily dismantled for waste separation and recycling. The chair meets the requirements for easy and intuitive use, maintenance, and service.
Warranty	5 years (see Terms and conditions)
Packaging	0,25 m3
Weight	15 kg
